## PREPARATION OF QUOTATIONS:

- Offerors are expected to examine the specifications, drawings, schedule, and all instructions. Failure to do so will be at the Offeror's risk.
- Each Offeror shall furnish the information required by this RFQ. The Offeror shall sign its Quotation and print or type its Name, Firm, Address, Telephone and Fax Numbers, Email Address and Date. The individual signing the Quotation must be an authorized agent of the Offeror.
- The Offeror is to quote all transportation charges prepaid and add. Quotations must be firm.
- Any explanation desired by an Offeror regarding the meaning or interpretation of the RFQ, drawings, specifications, etc., must be requested in writing at least seven (7) calendar days prior to the Quotation Due Date. Please submit all questions to the RFQ Administrator via email. KSWCO will provide a written response to all prospective Offerors if such information is necessary to Offerors in submitting Quotations on the RFQ.
- To receive consideration, Offeror must provide one electronic Quotation. All price quotations must be made directly in the provided document.
- Samples of items, when required, must be submitted within the time specified, and unless otherwise specified at no expense.
- Offers and modifications of Quotations received via email by the RFQ Administrator after the Quotation Due Date will not be considered.
- A contract or purchase order will be awarded to that responsible Offeror whose Quotation conforming to the RFQ will be most advantageous to KSWCO. Price, quality, delivery, Offeror's past performance and other factors may be considered in the award of a contract or purchase order. KSWCO may investigate and/or require additional information to fully evaluate an Offeror and its response to this RFQ.
- KSWCO reserves the right to reject any or all Quotations and, unless otherwise specified by the Offeror, KSWCO reserves the right to add and/or delete any or all of the requested items.
- Quotations with the attributes below are encouraged:
  - Decrease waste or minimize energy demands
  - Make use of post-consumer content
  - Are recyclable/products with an end-of-life plan
  - Are more easily repaired or updated (to avoid planned obsolescence)
  - Come from more local sources or are domestically produced
  - Use processes that do the least harm to the environment
